

HEALTH SAFETY AND ENVIRONMENTAL POLICY

Taksh is committed to the effective stewardship of the Health Safety And Environment and maintaining a climate of safety awareness

Taksh is implementing an efficient Health and Safety and Environmental management system that leads to the evolvement in our HSE performance

To achieve the objectives of the Taksh Corporate Health, Safety and Environmental policy, the Management is committed to:

1. Keep abreast of best practices in HSE management and ensure compliance with applicable legal and other requirements as a minimum standard of performance.
2. Ensure that employees and sub-contractors at all levels have received appropriate training and are competent to carry out their duties and responsibilities.
3. Consult and involve employees, sub-contractors and suppliers so as to secure their commitment to the policy and its implementation to keep people we employ safe from serious harm.
4. The company is committed on "ZERO TOLERANCE" on the risks that may lead to accidents or resulting to injuries in our projects and target "ZERO ACCIDENT"
5. Establishing and maintaining a documented HSEMS that meets the requirements of ISO 45001:2018 and ISO 14001:2015 Ensuring procedures, program and guidelines are in place to support the HSEMS & providing the necessary HSE resources for the implementation of the Management System.
6. Comply with all sustainability and environmental legislations.
7. Prevent pollution and minimize the adverse impacts of our activities on natural, build and cultural environment.
8. Reduce waste through minimization strategies and promote the efficient use of natural resources.
9. Setting, monitoring and reviewing EHS targets and objectives.
10. Focus for 5M (Manpower, Machines, Materials, Methods and Measurements).

This policy and Taksh performance under the policy will be reviewed periodically as part of the Management Review to ensure continual improvement of HSE standards in Taksh. The CEO shall approve the revised policy.
